be made public before they can be known. The outcasted (having obtained) the sole privilege of preparing and selling prepared opium, they fear that many merchants and traders, distant and local, purely from ignorance, may infringe the law, and thereby lose their profits, in addition to heavy fines that may be imposed upon them. This is a source of great anxiety to the outcasted, and for the general information of the public, they now set forth two sections of Ordinance 358, relating to prepared opium. They are as follows:

VII.—It shall be the duty of every person engaged in retailing prepared opium under this Ordinance to deliver therewith a sealed certificate specifying the amount sold, which certificate shall be evidence of the facts therein stated, and shall not be transferable.

VIII.—No person shall bring into this colony, or the waters thereof, or (except he comes to which section VII. applies) leave in his possession or custody within the same any prepared opium.

It may be taken against any person infringing the above sections for severe punishment, and no reduction will be shown.
